As tax assistant I assist in the management of our lawyers' day-to-day workloads, working in conjunction with the business support teams.

My role is to support the tax team in the provision of tax compliance and capital gains tax services to our clients and help them maximise the amount of time they are able to spend on client-focused work.

My job is both challenging and interesting. I have an approachable, efficient and reliable manner, and enjoy working as part of a busy team, helping wherever I can, so as to allow our tax team to focus on the important job of servicing our clients.

If I'm unavailable, please contact:
