I am a legal director and professional support lawyer for the commercial real estate division. My background is property dispute resolution.

I assist our legal team in all aspects of commercial real estate, including property investment, development, management, landlord and tenant matters and litigious property related matters.

Through training and knowledge sharing, I ensure that our real estate lawyers keep up to date with developments of best legal practice and current awareness so that they can provide an excellent service to our clients. I maintain key precedents and knowhow documentation and encourage the use and development of technology to support commercial real estate transactions, including the appropriate use of automation tools and AI to improve quality and efficiency of service.

I support our real estate lawyers in finding solutions to complex legal issues and regularly write or edit current awareness articles for publication on our website or external publications.
