[+44 \(0\)1403 831 254](tel:+44201403831254)

I am a partner in the real estate team and advise on all aspects of commercial property including freehold acquisitions and disposals, investment portfolio work and acting for both landlords and tenants on commercial leases. I also advise on property related matters on corporate insolvency – acting for administrators, LPA receivers and liquidators.

With over 15 years' experience I advise a wide range of clients from property investment companies and developers to commercial landlords and tenants on all aspects of their property holdings and portfolios.

I have a relaxed, transparent and collaborative way of working, always listening to my client's needs and objectives to ensure we can work together to achieve the desired outcome with the minimum of fuss. I really enjoy building lasting relationships with my clients to ensure I am able to better understand their business operations and commercial objectives, which I think helps hugely in delivering the best, tailored results for each and every client.

I am ranked in the leading legal directory, Chambers and Partners 2024.
