I am a senior paralegal in the real estate team. I am always approachable and willing to help.

I have many years' experience in plot sales and residential conveyancing, acting for a variety of private and commercial clients in their property transactions.

I joined the real estate team at Cripps in 2021 and am enjoying learning new skills and furthering my legal knowledge. As part of a busy team, I provide support to our lawyers with a variety of tasks involved in the asset management of our client's shopping centres.
