I manage our real estate team helping to ensure our legal teams have all the talent, tools and training they need to deliver the best service possible for our clients.

My background as a development lawyer, working with companies and individuals to understand their goals and work through their challenges has stood me in good stead to support our first class real estate practice area in doing the same.

I am responsible for ensuring we are continually listening to and working with our clients, making their aims our own and improving the ways in which we help to achieve them.

I am relationship manager for number of key clients, acting as a catalyst for improving service delivery. I encourage collaboration of diverse skill sets to create more effective solutions to our clients' problems.
