As head of our corporate transactional team, I provide practical support as well as expert legal advice to businesses on all types of corporate transactions, working with owner managed businesses and entrepreneurs across many industry sectors.

I have in-depth knowledge and experience in the early years and education sectors and regularly act for buyers and owner/sellers of nurseries and independent schools.

As a fluent French speaker, I handle many Anglo-French matters advising French corporates on investments, finance work and M&A transactions in the UK.
