I am a senior associate within the family team. I adopt a holistic approach to my cases, finding creative solutions to help clients move forward from a divorce/separation in the best possible position.

With over 12 years' experience, I have a wealth of knowledge in all areas of family law with a particular focus on protecting assets both pre- and post-marriage.

I appreciate that a divorce/separation is a stressful and emotional time for most and aim to support my clients through the process by providing logical, reasoned advice and family-led solutions by negotiation and agreement where possible.

While I am valued for my practical, conciliatory approach to cases I am also known as a firm and tough negotiator when necessary.
