

## Lasting Powers of Attorney

---

Now more than ever, it is important to ensure that you have legal contingencies in place to protect you and your family in case of a loss of mental capacity arising due to illness. Lasting Powers of Attorney (“LPAs”) allow you to appoint trusted individuals to make financial and care decisions on your behalf if you are unable to do so.

To assist our clients who are setting up LPAs during the lockdown, we have prepared a video to take them through the strict signing process.

### How we can help

We are happy to answer any queries you may have about LPAs and to discuss the options available to you. Please [contact us](#) for more information.
