

Local first-time buyer snaps up Woolacombe's only pharmacy

PDT (now Cripps) are pleased to have acted for first time buyer Harminster Chaggar on his acquisition of Barton Pharmacy in the highly desirable North Devon coastal village of Woolacombe. As a previous employee at the community pharmacy, we helped him to fulfil a long-lived ambition to take ownership of the pharmacy.

Harminster Chaggar, Barton Pharmacy said: "I am absolutely thrilled to finally make my long-lived ambition a reality and take ownership of Barton Pharmacy. I am excited to embark on this new adventure and introduce new, innovative services that will cater to the evolving needs of our local community. This purchase marks a significant milestone in my career, and I look forward to building on the legacy that my mentor has established over the years. Many thanks to Oliver and the team at PDT for their expert advice and guidance. I would recommend their services to anyone."

The pharmacy based in Woolacombe was acquired from a sole trader, together with the freehold property. Along with Christie & Co we were instructed to deal with all corporate and property related matters.

On the deal, [Oliver Parsons](#) said "All parties worked collaboratively to complete this deal in a relatively short timeframe. Congratulations to Harminster – I have no doubt that his experience and future plans will benefit the local community immensely."

We are recognised as leading legal advisers in the pharmacy and healthcare sector and offer an integrated, one stop approach for numerous contractors and pharmacy operators, from single shop owners to independent multiples, throughout the UK.
